# REPOSADO

---

A reposado tequila is the first stage of resting and aging. The tequila is aged in wood barrels or tanks between 2 and 11 months. The spirit takes on a golden hue and the taste becomes a balance between agave and the caramel notes from the wood.

# AÑEJO

---

After aging for at least one year, tequila can then be classified as an añejo. The aging process darkens the tequila to an amber color, and the flavor can become smoother, richer and more complex.
